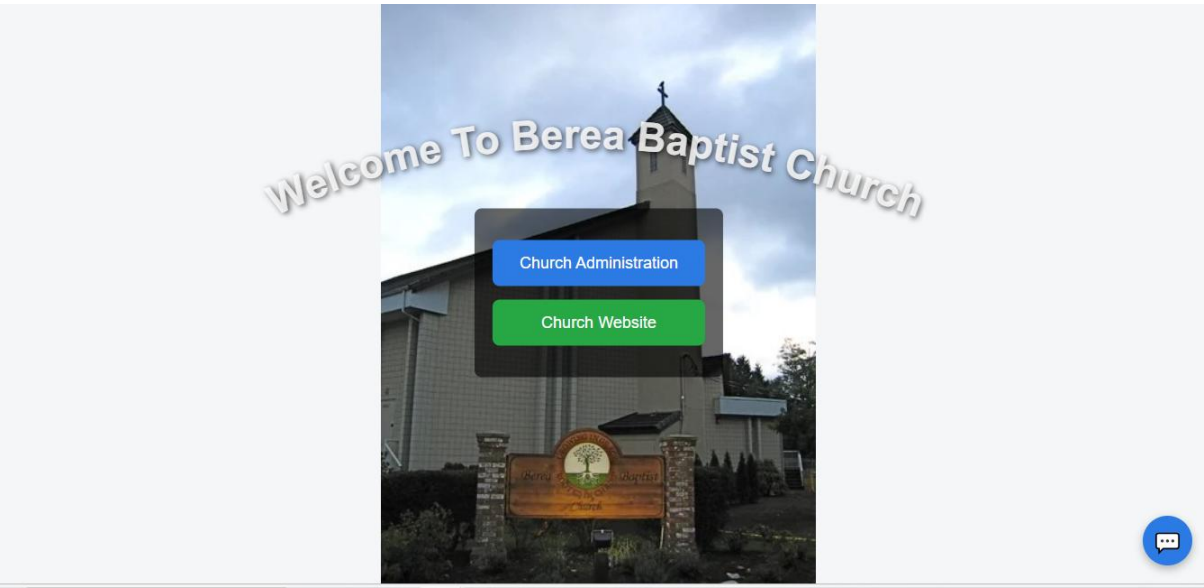
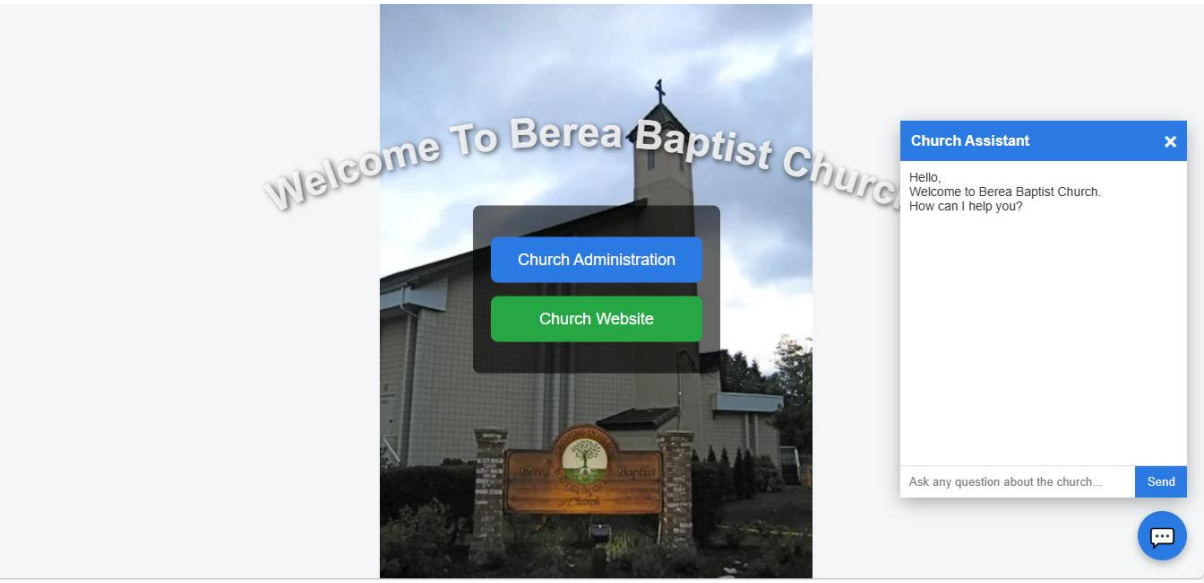
USER GUIDE FOR THE

CHURCH ADMINISTRATION SYSTEM

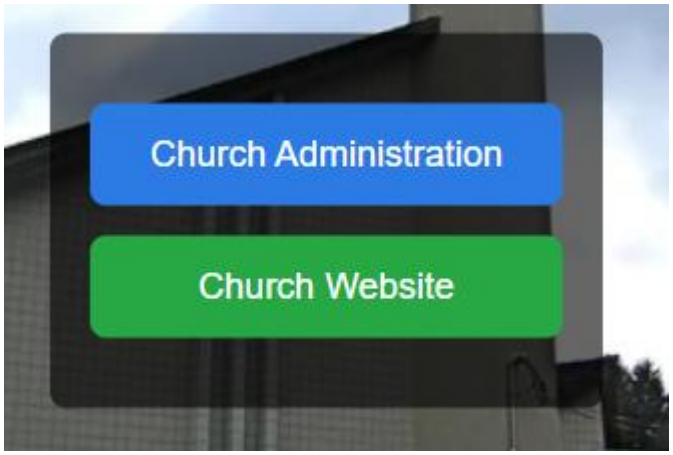
When the application / system starts, it displays the below welcome screen.



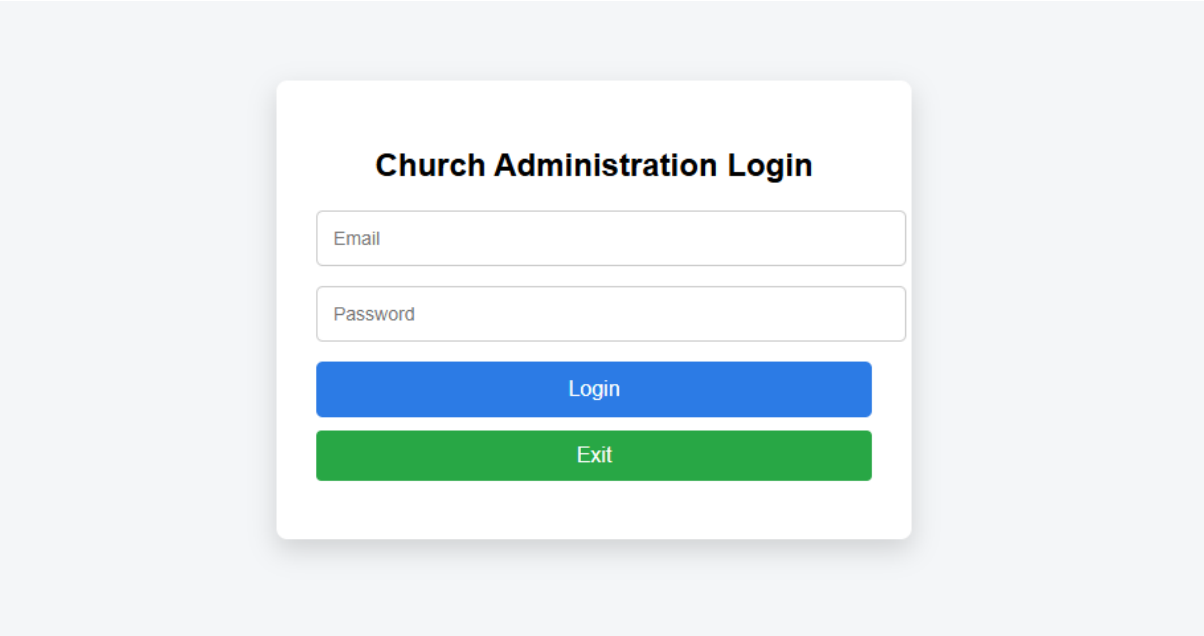
By clicking the chatbot on the bottom right-hand corner, staff or visitors can easily ask any questions about the church and get answers from the chatbot.



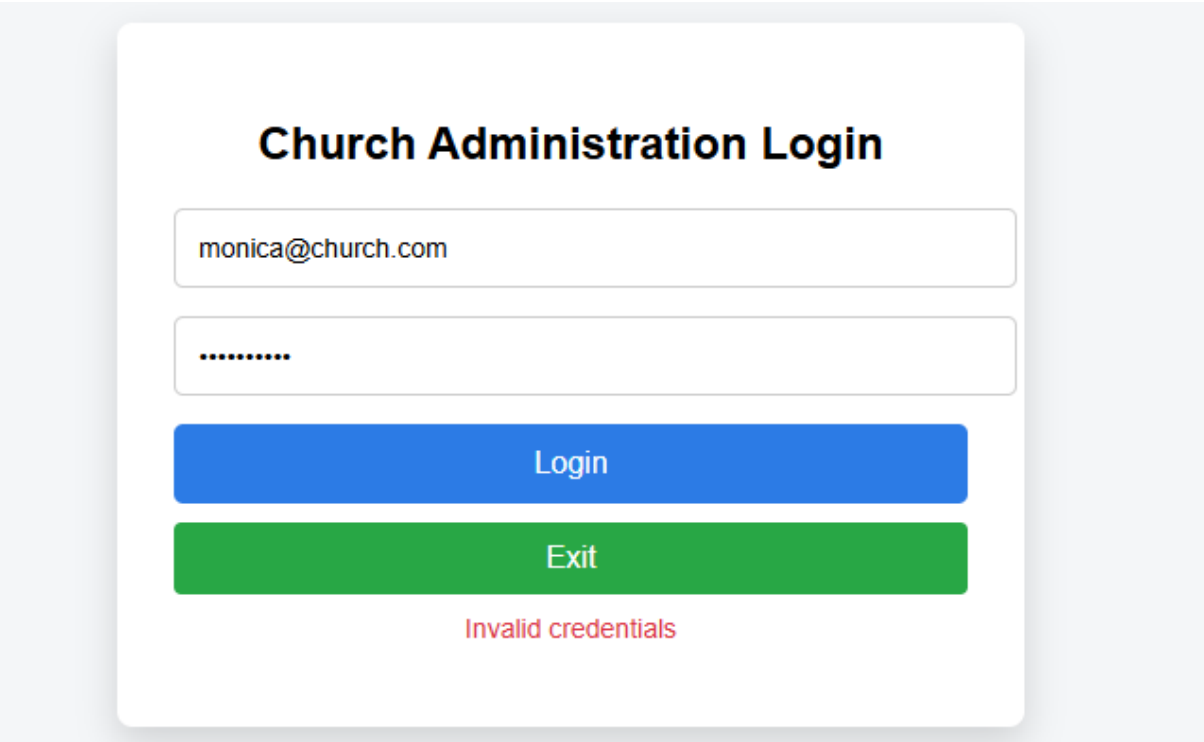
If the staff or visitor chooses to visit the church website, they can click the green button written (Church Website).



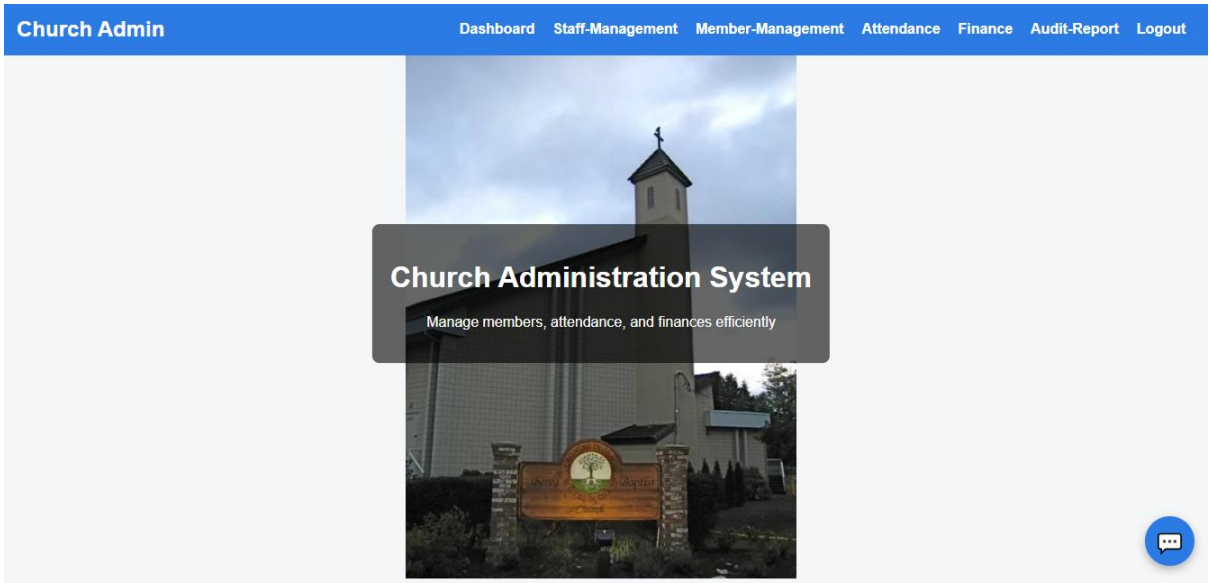
If the staff clicks the blue button (Church Administration), the system will direct the staff to the below login page, for authentication.



If staff enters wrong login information, the below message is displayed on the screen. Staff can press the (Exit) button to go back to the welcome screen. If one does not have a staff profile on the system, they will need to ask the system administrator to create their login profile on the system.



On successful login to the system, the below screen is displayed. Depending on the staff role, the menu items may differ. Below are the menu items viewed by the system administrator.



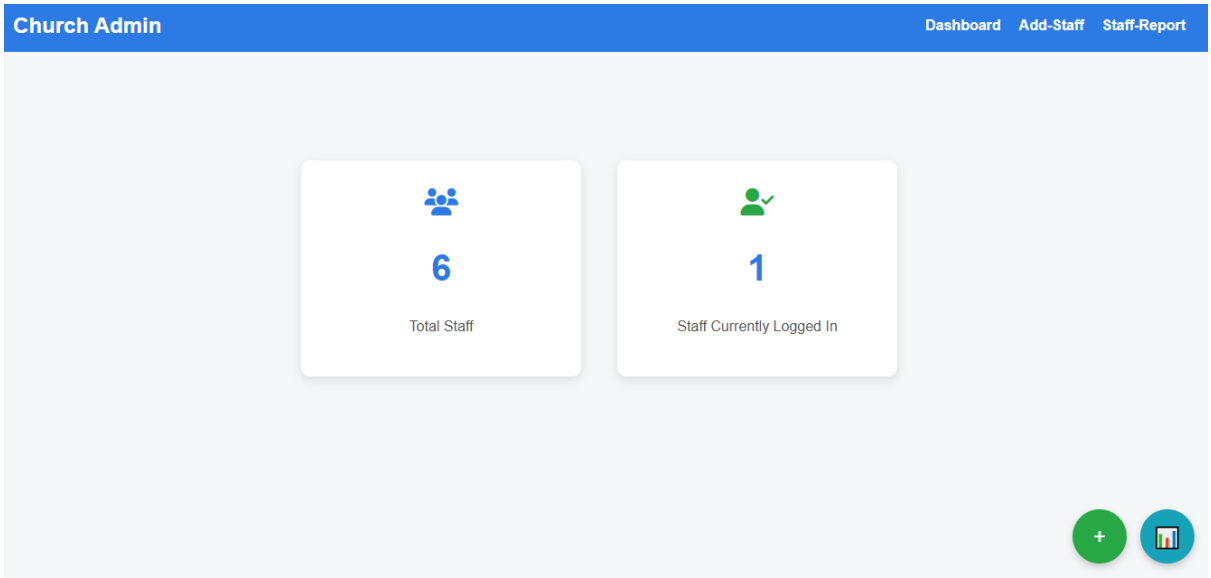
Listed below are the navigation steps through the Dashboard tabs.

1. <u>Staff-Management</u>

The Staff-Management menu is only available to the system administrator (ADMIN). Once the administrator clicks the Staff-Management menu tab, the

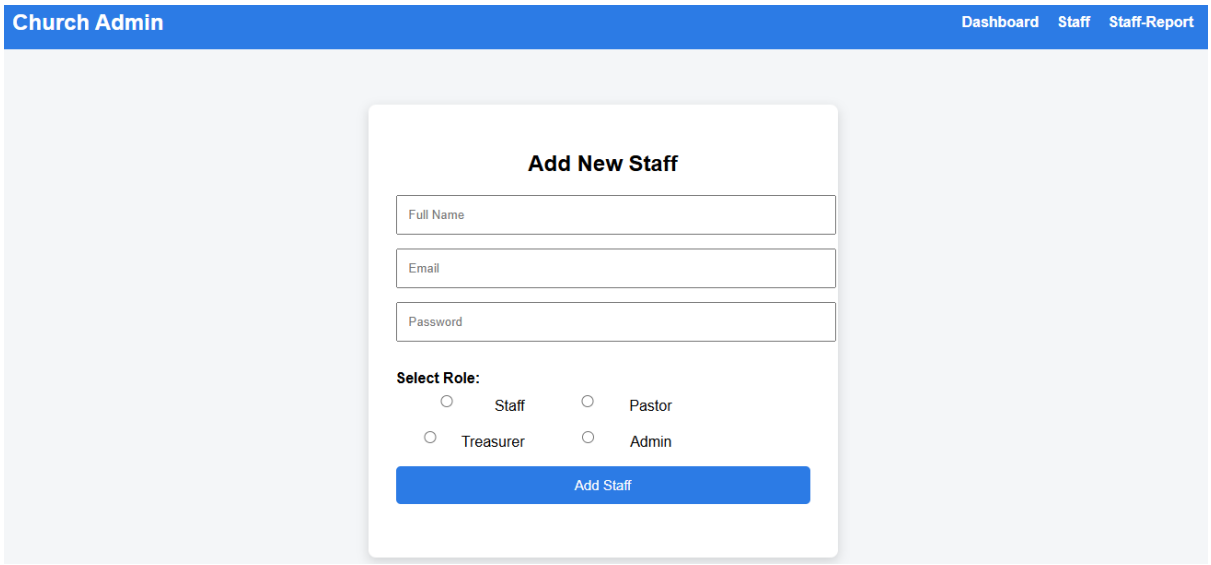
below screen is displayed. This screen displays a summary snapshot of the total staff as well as the total of staff who are currently logged into the system.

By clicking on any of the cards, a report is displayed showing information pertaining to the card.



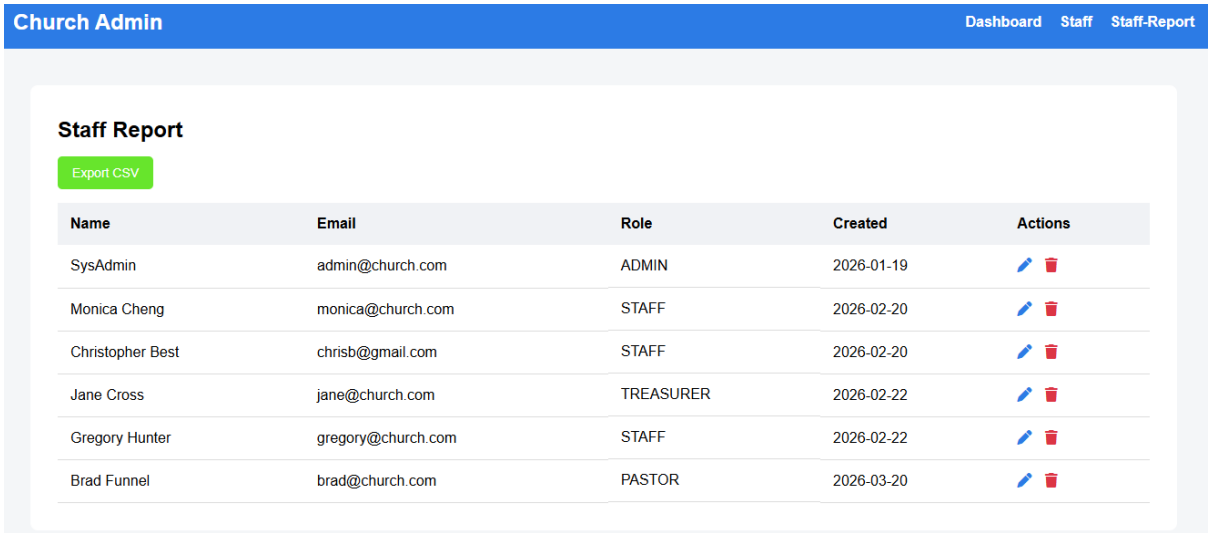
The above screen also has two floating buttons at the bottom right-hand corner. The green button with a + sign is the one for adding new staff members to the system, whilst the other button is for displaying the staff report.

On clicking the green button with a + sign or clicking the (Add Staff) tab on the menu bar, the below screen is displayed. This is the screen used by the administrator to add staff profiles for all the staff who will be using the system.



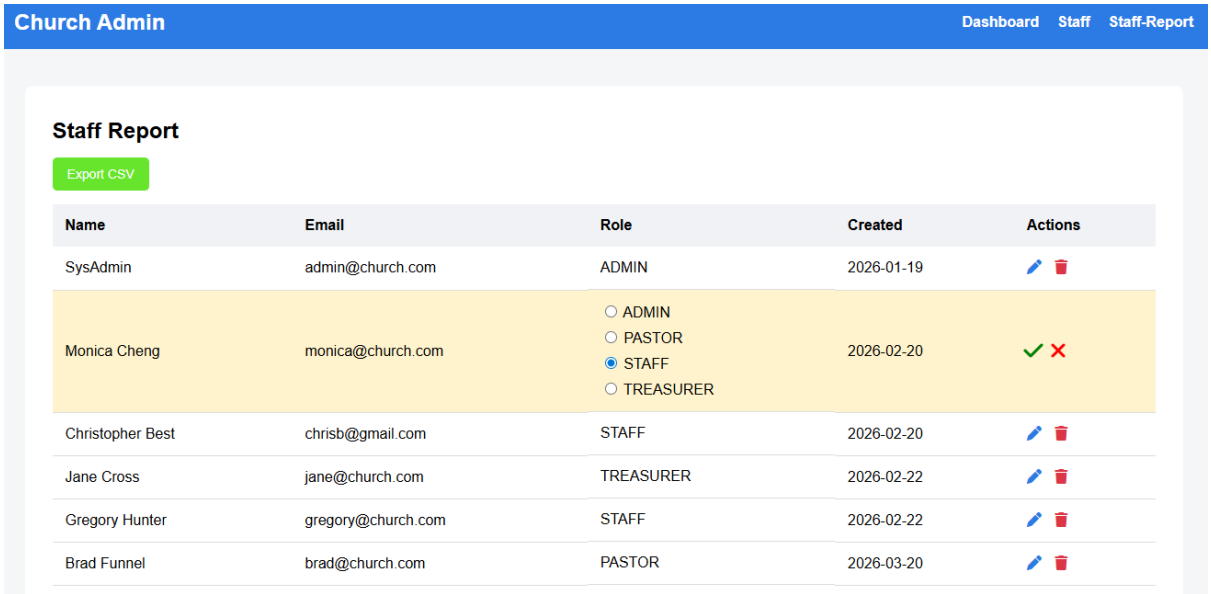
Once the (ADMIN) is done entering the new staff profile information; by clicking the (Add Staff) button, the information is saved to the church database.

Admin can view all staff in the church database by clicking the (Staff Report) tab on the menu or clicking the floating button on the bottom right corner, with a small bar-chart icon.
On clicking any of the two, the system displays a list of all staff members who are currently using the system, having different roles and responsibilities.



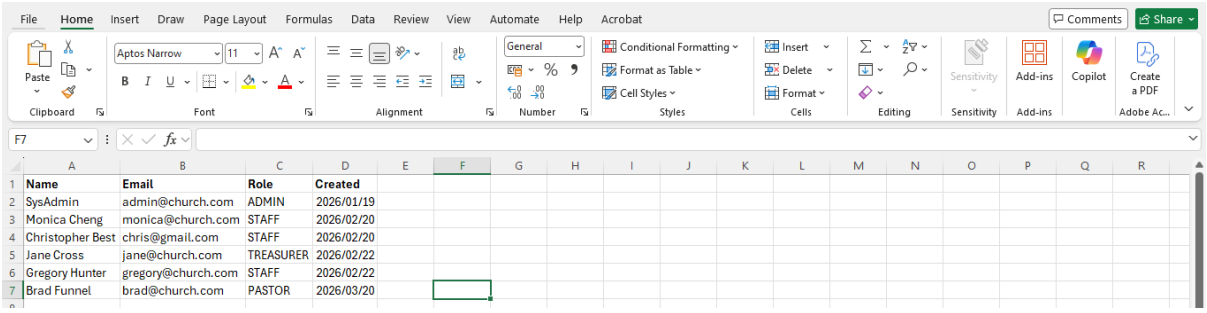
Name	Email	Role	Created	Actions
SysAdmin	admin@church.com	ADMIN	2026-01-19	
Monica Cheng	monica@church.com	STAFF	2026-02-20	
Christopher Best	chrisb@gmail.com	STAFF	2026-02-20	
Jane Cross	jane@church.com	TREASURER	2026-02-22	
Gregory Hunter	gregory@church.com	STAFF	2026-02-22	
Brad Funnel	brad@church.com	PASTOR	2026-03-20	

The (ADMIN) can click the edit icon (blue pen) under the actions column to edit any staff login profile. The below screen is displayed and the (ADMIN) can click on any of the fields highlighted in a different colour to edit the field. On clicking the (green tick), the updated staff information is saved to the church database. On clicking the X, the changes are undone / reversed.

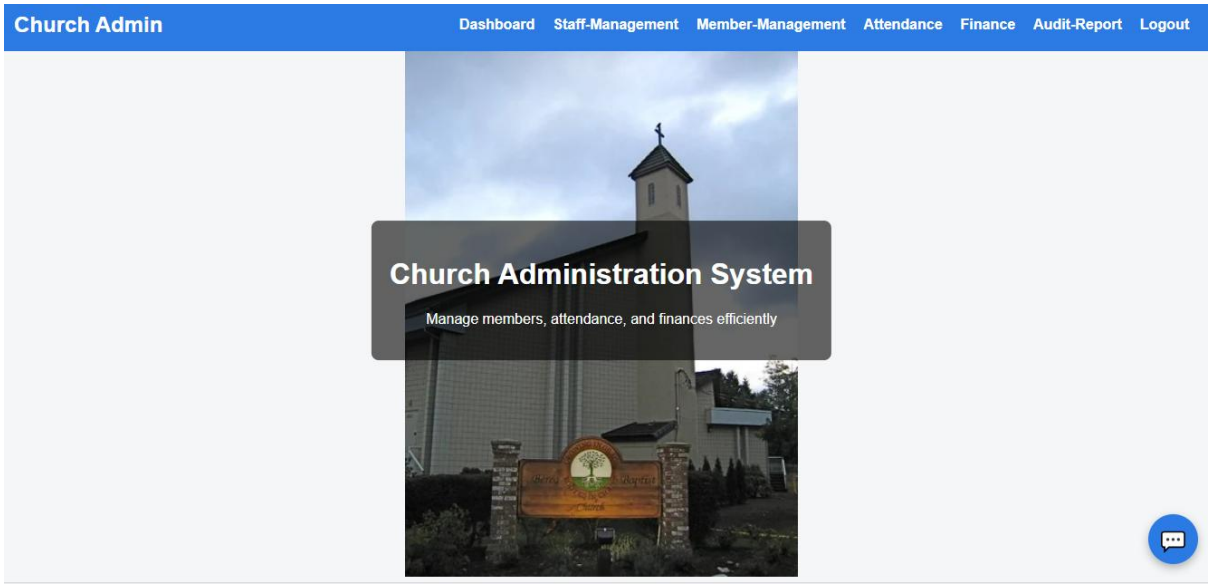


The (ADMIN) can also delete a staff member from the system by clicking the delete icon (red bin).

Admin can click this button on the (Staff Report) page to export the report to a csv file, which is downloaded to the downloads folder and can be viewed using Microsoft Excel.



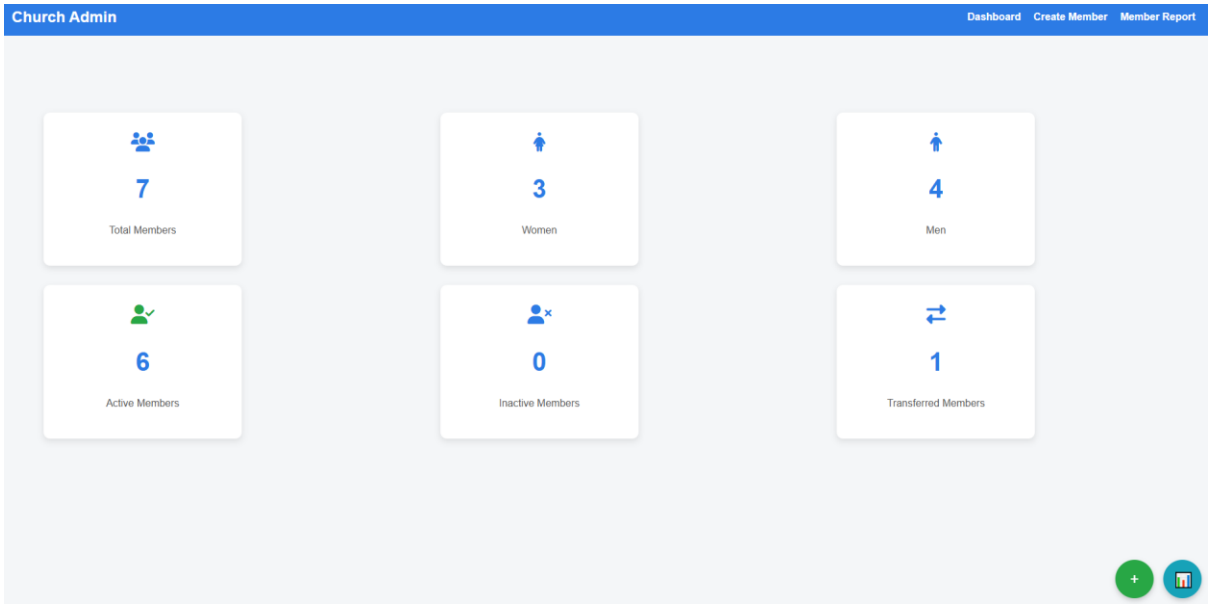
Once the staff is done on this screen, he/she can click the (Dashboard) tab to return to the main screen.



2. <u>Member-Management</u>

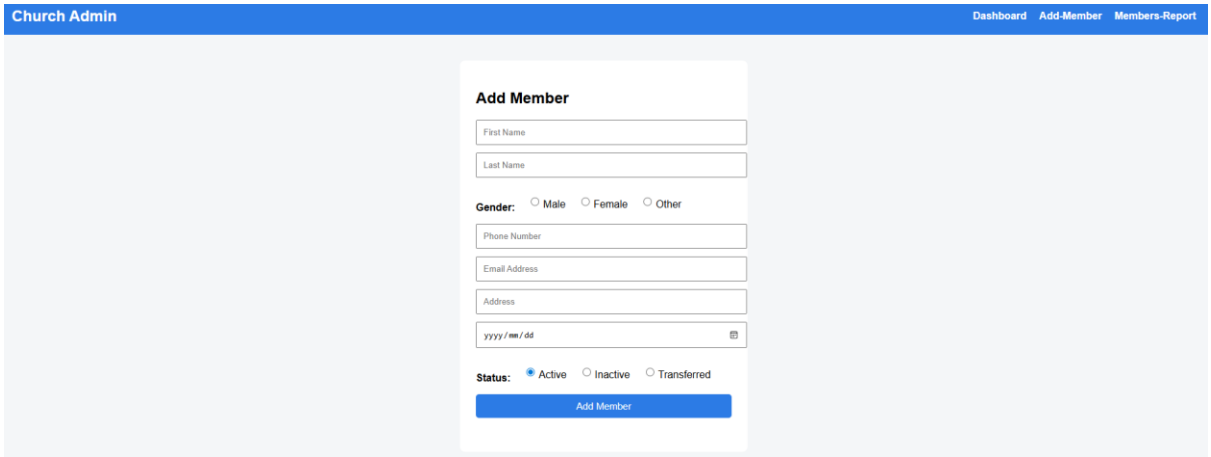
The Member-Management menu is available to all staff. Once the staff clicks the Member-Management menu tab, the below screen is displayed.
This screen displays a summary snapshot of the total church members, Woman, Men, Active Members, Inactive members, and Transferred members of the church.

By clicking on any of the cards, a report is displayed showing information pertaining to the card.



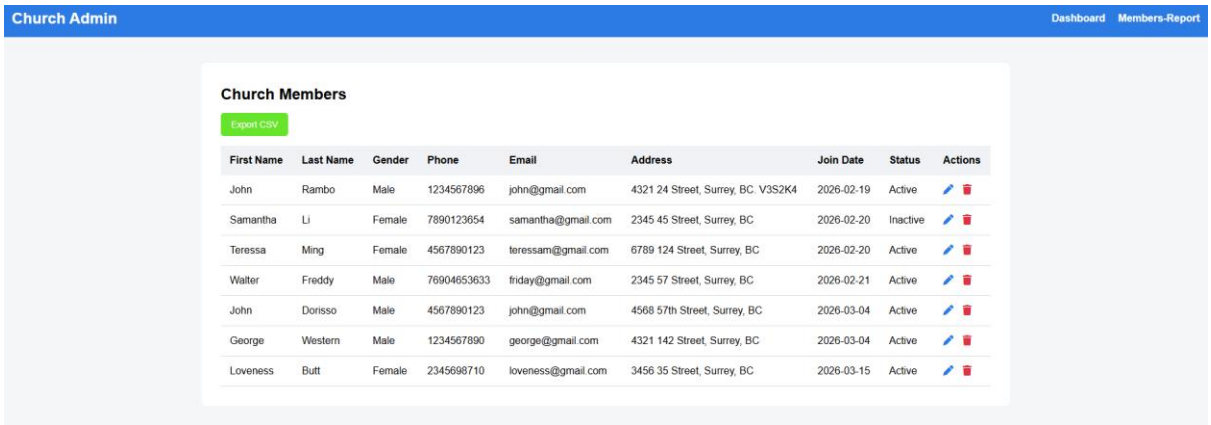
The above screen also has two floating buttons at the bottom right-hand corner. The green button with a + sign is the one for adding new members to the system, whilst the other button is for displaying the members report.

On clicking the green button with a + sign or clicking the (Create Member) tab on the menu bar, the below screen is displayed. This is the screen used to enter new members information, for new members that have joined the church.



Once the staff is done entering the new member information, by clicking the [Add Member] button, the information is saved to the church database.

Staff can view all church members in the church database by clicking the (Members-Report) tab on the menu or clicking the floating button on the bottom right corner, with a small bar-chart icon. This will display a list of all members who are currently on the church database.



First Name	Last Name	Gender	Phone	Email	Address	Join Date	Status	Actions

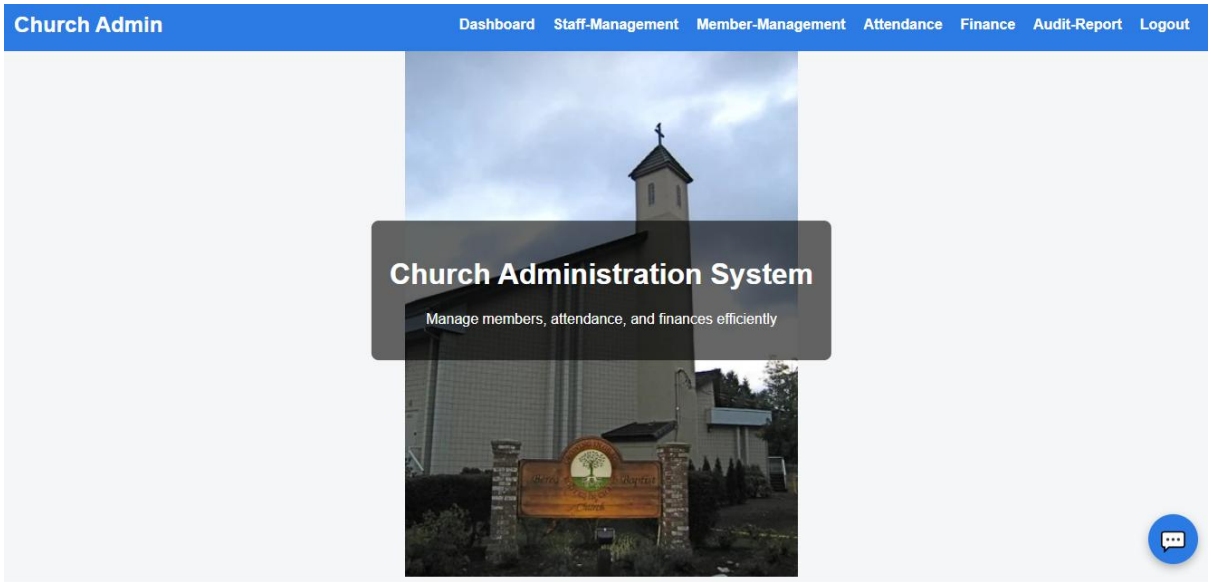
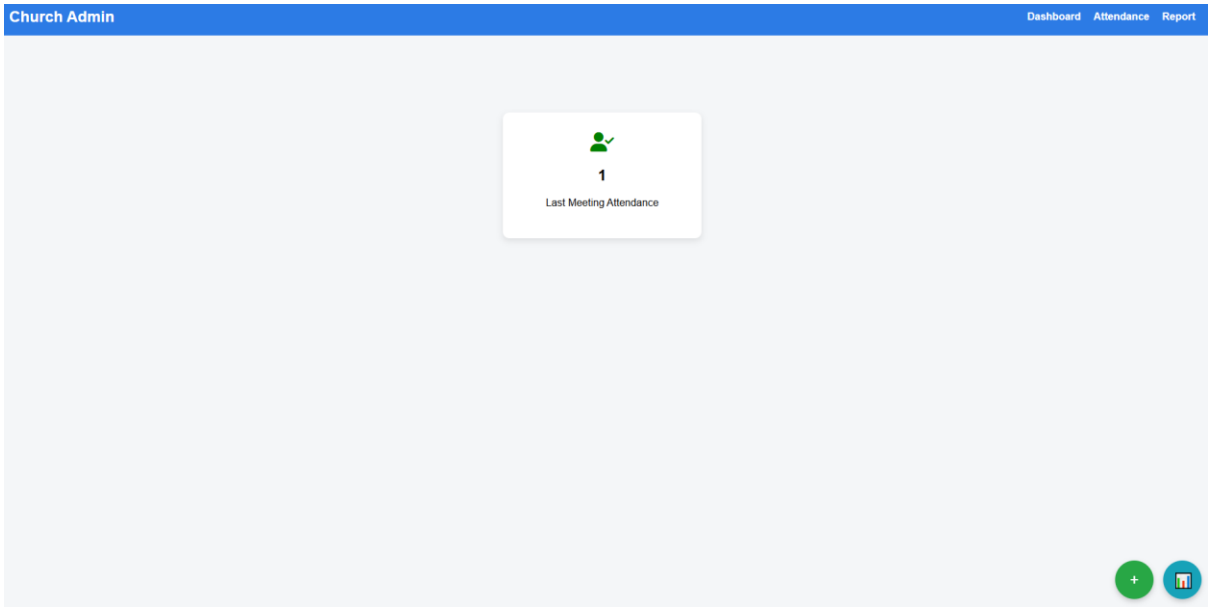
Once the staff is done on this screen, he/she can click the (Dashboard) tab to return to the main screen.



3. <u>Attendance</u>

The Attendance menu is available to all staff members. Once the staff clicks the Attendance menu tab, the below screen is displayed. This screen displays a summary snapshot of the total attendances for the last church meeting.

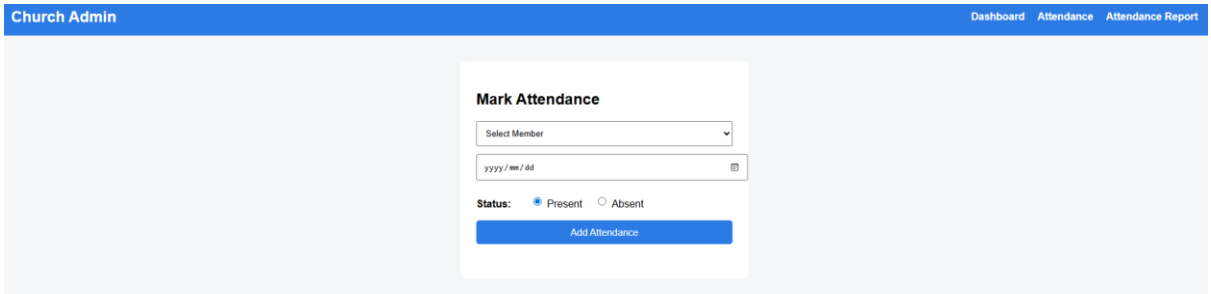
By clicking on the card, a report is displayed showing information for attendances for the last church meeting.



The above screen also has two floating buttons at the bottom right-hand corner. The green button with a + sign is the one for recording / marking

member attendance for church activities, whilst the other button is for displaying the attendance report.

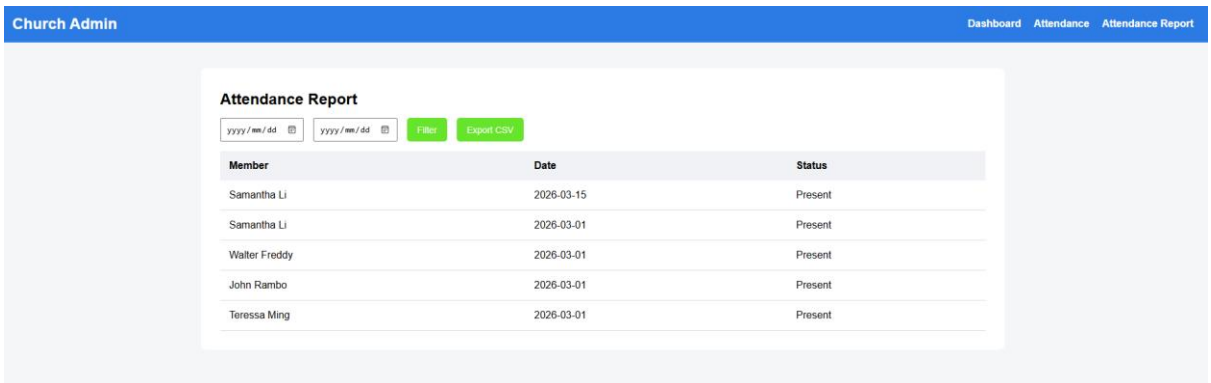
On clicking the green button with a + sign or clicking the (Attendance) tab on the menu bar, the below screen is displayed. This is the screen used to record / mark member attendance for church activities.



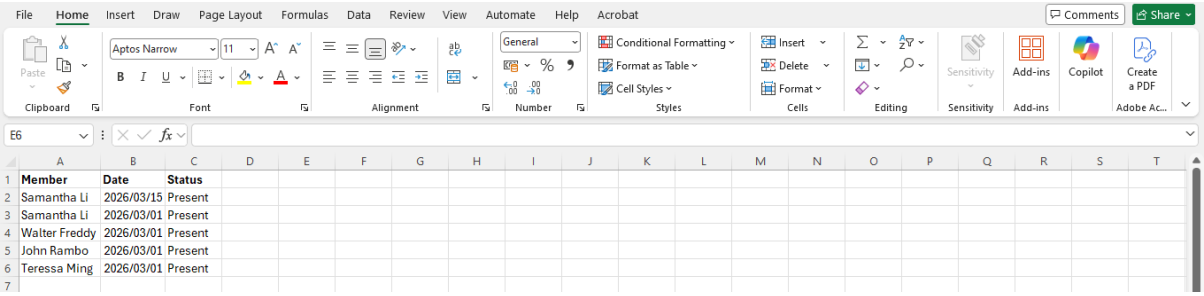
Once the staff is done entering the member's attendance; by clicking the (Add Attendance) button, the record is saved to the church database.

Staff can view a record of all church attendances by clicking the (Attendance Report) tab on the menu or clicking the floating button on the bottom right corner, with a small bar-chart icon. This will display a list of all church attendances.

This report can be filtered using the date, by selecting the date-from and date-to and then clicking the [Filter] button.

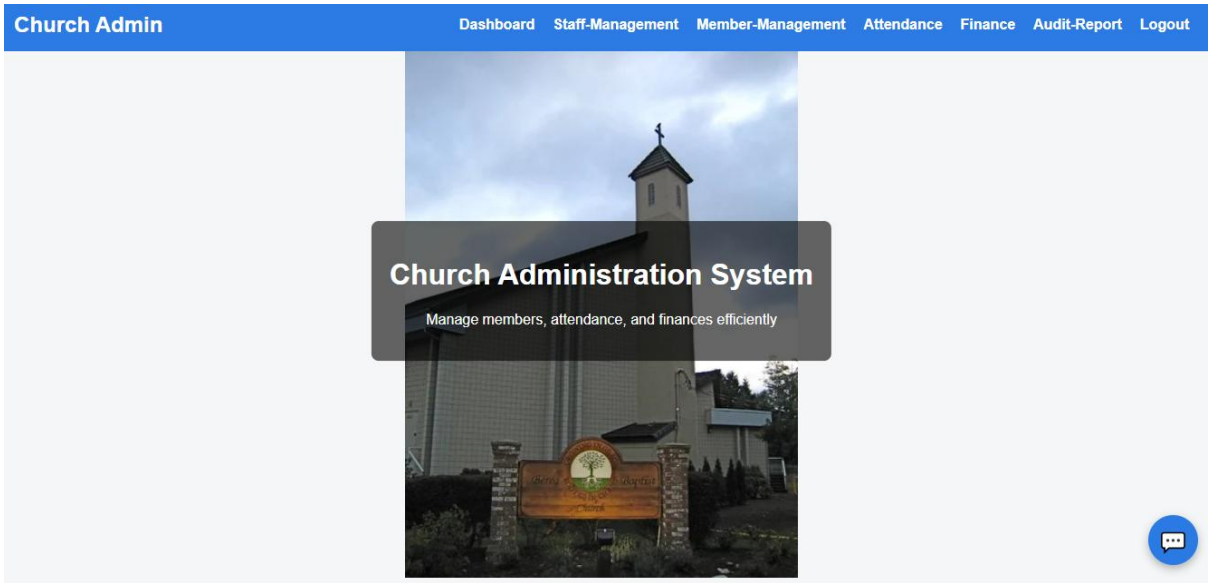


Staff can click this button on the (Attendance Report) page to export the report to a csv file, which is downloaded to the downloads folder and can be viewed using Microsoft Excel.



Member	Date	Status
Samantha Li	2026/03/15	Present
Samantha Li	2026/03/01	Present
Walter Freddy	2026/03/01	Present
John Rambo	2026/03/01	Present
Teressa Ming	2026/03/01	Present

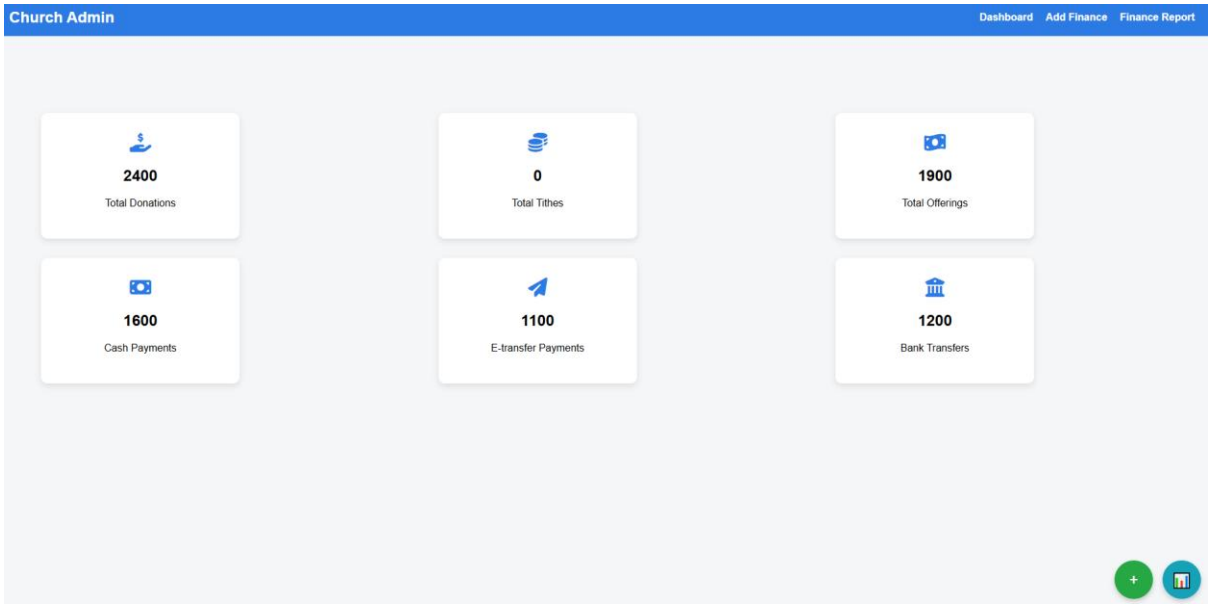
Once the staff is done on this screen, he/she can click the (Dashboard) tab to return to the main screen.



4. Finance

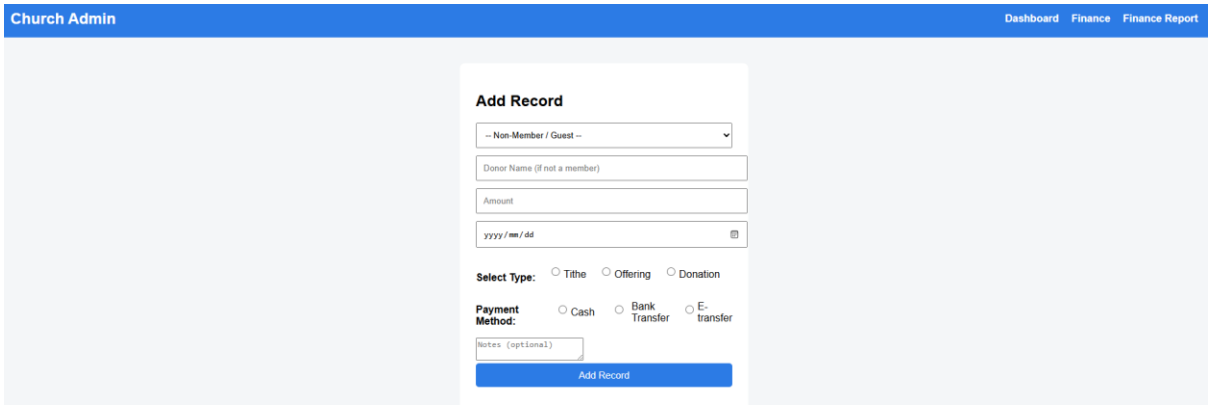
The Finance menu is available to the (ADMIN, and TREASURER) staff only. Once the staff clicks the Finance menu tab, the below screen is displayed. This screen displays a summary snapshot of the total Donations, Tithes, Offerings, Cash payments, E-transfer payments, and Bank transfers to the church for the previous month.

By clicking on any of the cards, a report is displayed showing information pertaining to the card.



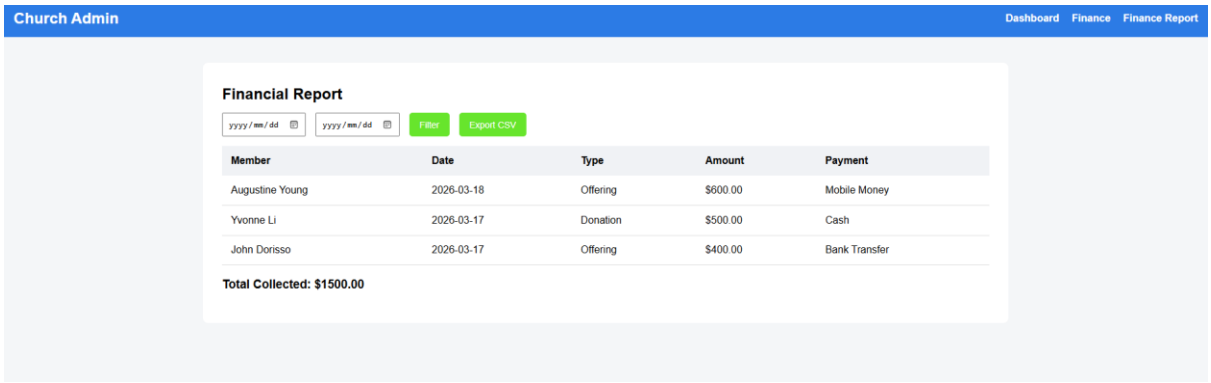
The above screen also has two floating buttons at the bottom right-hand corner. The green button with a + sign is the one for displaying the screen used to enter tithes, offerings, and donations to the church, whilst the other button is for displaying the finance report.

On clicking the green button with a + sign or clicking the (Add Finance) tab on the menu bar, the below screen is displayed. This is the screen used to enter tithes, offerings, and donations to the church to ensuring proper financial record-keeping.

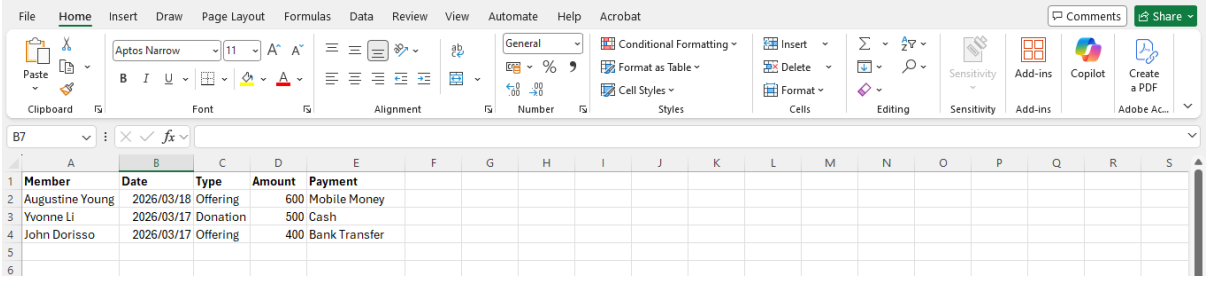


Once the staff is done entering the finance record; by clicking the [Add Record] button, the information is saved to the church database. Staff can view all finance records in the church database by clicking the (Finance Report) tab on the menu or clicking the floating button on the bottom right corner, with a small bar-chart icon. This will display a list of all finance records currently on the church database.

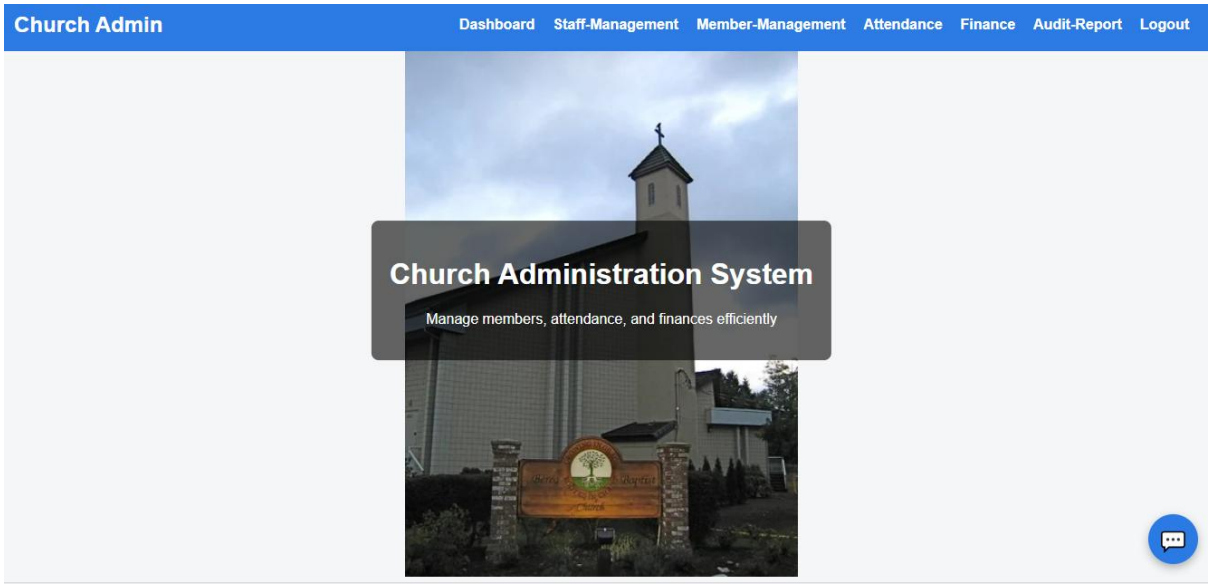
This report can be filtered using the date, by selecting the date-from and date-to and then clicking the [Filter] button.



Staff can click this button on the (Finance Report) page to export the report to a csv file, which is downloaded to the downloads folder and can be viewed using Microsoft Excel.

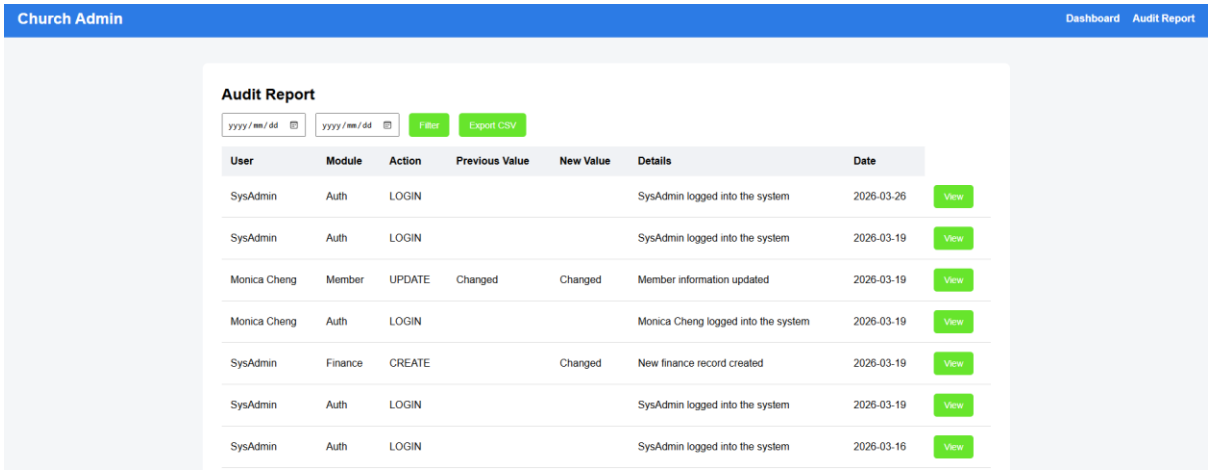


Once the staff is done on this screen, he/she can click the (Dashboard) tab to return to the main screen.



5. Audit-Report

The Audit-Report menu is available to (ADMIN and PASTOR) staff. Once the staff clicks the Audit-Report menu tab, the below screen is displayed. This is the screen used to display all audit logs of all staff actions to system data on the church database.



The report has a view button to view the full details of the audit log. On clicking the [View] button the system opens a dialog window displaying the full details of the audit log, as per the below screenshot.

This report can be filtered using the date, by selecting the date-from and date-to and then clicking the [Filter] button.

Staff can click this button on the (Audit Report) page to export the report to a csv file, which is downloaded to the downloads folder and can be viewed using Microsoft Excel.
